

CWA @Cingular

CWA's online update for Cingular customer service, sales and network employees

Cingular Bargaining Report #17

Friday, February 25, 2005

CWA members at Cingular Wireless voted overwhelmingly, by an 88 percent yes vote, to give CWA leaders authorization to call legal work actions, including a possible strike, if workers are unable to gain a fair contract.

Contract negotiations currently are underway in Atlanta on behalf of 5,300 CWA-represented workers at Cingular Wireless covered by the "Orange Contract."

The contract continues to be extended on a day-to-day basis.

Key issues for Cingular workers are employment security, especially with the integration of AT&T Wireless, a fair wage increase and issues concerning technical, call center, network and retail sales work.
